

CAR PARK RULES

STAFF CARPARK

The school carpark is a **staff carpark**. Parents are allowed to park in the carpark between **9.00am and 2.00pm and after 3.00pm**. Needless to say, parking whilst dropping off for before school care is permitted between 6.00am and 8.00am.

PICKUP IN THE AFTERNOON

Parents are encouraged **not** to enter the school grounds until **2.30pm at the earliest in the afternoon** if you are picking your children up from school, using the pick-up zone. Arriving at 2.00pm, as some do, is verging on the ridiculous!! If you need to be in the vicinity at that time, then I suggest you park on the street and then make your way into the school grounds at 2.30pm. Staff, particularly school officers who finish at 2.15pm are having to wait until 3.00pm before they are able to leave the school grounds because the school has become gridlocked as a result of the early arrivals (2.00pm-2.29pm!!)

DROP-OFF IN THE MORNING

Please be mindful of others when you are dropping off children in the morning using the drop-off zone. It is meant to be a “crisp” uncomplicated process whereby the children disembark from the car, grab their bag, give you a kiss goodbye then move to the footpath and head for the “big shed”. This is not a time to **“titivate”**, adjust clothing, clean the child’s face etc In addition, and please make sure that you advance as far up the zone as possible before you let the children out of the car.

SPEEDING out of the school grounds, whether as a result of frustration from waiting or as a result of time constraints from not being organised, is not to happen.
